Lifesmart infrared heater 1500 watt

[Home Improvement/Heating, Cooling, & Air Quality/Heating/Heaters] \$129.99 The Lifesmart HT1269UV - innovative infrared quartz heater with powerful UV-LED light combines heating with germ killing power. Innovative UV-LED light embedded safely inside the heating chamber protecting your eyes and actively using a specific light wavelength to help kill germs and bacteria. As airflow is taken into the heater, the dirty air particles are blasted with UV light, effectively disinfecting the air before it is released back into the room. Works with or without heat. Designed for added room warmth when the weather turns chilly. This heater features 6 superior quartz infrared heating elements, spreading soft even heat out in to the room, targeting people and objects, without drying out the room air. There are 2-heat settings for up to 1500-Watt of power, plus an energy saving ECO mode which takes the heater wattage and self-regulates to maintain a constant 68° using only the most efficient power consumption. The unit features several convenient operating features including a large easy to read digital thermostat, soft touch button controls, 12-hour count up and count down timer and a full function remote control. Safety features include child lock, overheat and tip over safety. The large tower design features a stylish black plastic cabinet that will appeal to the look of any room. The cabinet is cool to the touch making it safe to be near small children and pets. Enjoy safe healthy heat today with the innovative infrared quartz heater with powerful UV-LED. Available on backorder Product features Reviews (0) Powerful Heating: 6 quartz infrared heating elements 3 heat settings: 1,000w /1,500w / and ECO-maintains a constant 68° Internal UV Light helps to eliminate germs and bacteria in the internal chamber air before flowing out Safety Features: Overheat safety switch Tip-over safety switch Additional Features: 12-hour programmable timer Extra large LED display Thermostat control system Built in side carry handles Remote control One year parts warranty Dimensions (Overall): 12.1 inches (H) x 9.72 inches (W) x 11.57 inches (D)Heating Element: InfraredAssembly Details: No Assembly RequiredIndustry or Government Certifications: ETL ListedHeat Distribution Type: RadiantRoom Size Range: 100-300 sq. ft.Maximum Heat Output: 1500 btuWattage Output: 1500 wattsBattery: 2 AAA Alkaline, Required, Not IncludedWarranty: 1 Year Limited Warranty. This heater delivers 1,500 watts of power through 4 quartz heating elements and features a 12-hour programmable timer and 3 heat settings. It also comes with safety features like over-heat and tip-over shutoff, a cool-touch exterior cabinet, and a child lock for peace of mind. This sleek, modern heater design is not only a great addition to any room in the home but is also packed with ultimate heating power. With 4 infrared quartz elements, this heater provides even heat distribution throughout the room without drying out the air's humidity. 2 heat settings provide supplemental warmth and comfort for up to 1500 watts of power output. The energy-saving ECO mode self-regulates the heater wattage to consistently maintain 68 degrees. A timer can be programmed for up to 12 hours, so no need to worry about accidentally leaving the heater on. Easy read angled control panel is user-friendly and can be operated by a button or remote control (batteries not included). Lightweight, stylish cabinet features a contemporary design with built-in carry handles for easy room-to-room portability.
